The screenshot shows the Jenkins interface for the 'test_deploy' project. The left sidebar contains navigation links: '대시보드로 돌아가기', '상태', '변경사항', '작업공간', 'Build Now' (circled in blue), '구성', 'Project 삭제', and 'Rename'. The 'Build History' section at the bottom is expanded, showing a table with a search bar and a list of builds. The first build, #4, is highlighted with a red box and shows a green checkmark icon, indicating it is successful. The main content area displays 'Project test_deploy' with links for '작업 공간' and '최근 변경사항', and a '고정링크' (Fixed Link) section listing various build statuses and their completion times.

Build Number	Time
#4	2022. 6. 17. 오전 4:52

2

✓ 빌드 #4 (2022. 6. 17. 오전 4:52:36)

No changes.
